Enhancement "points"		1	4

Our "point system allows for a unique, high level of customization by giving you the power of choosing which enhancements you desire. Additional points are available for purchase. Feel free to ask one of our sales staff and they will be happy to assist you in designing a package that fits your individual needs.

WE ARE HERE TO HELP!

Have a certain idea, theme or vision in mind? Not sure where to go from there? We understand how overwhelming planning a party may feel. Feel free to talk to one of our event planning staff. We have performed and attended countless events and seen first hand many different party ideas. From invitations, decoration ideas, entertainment, locations and more, we will be happy to meet with you and give guidance on turning your party ideas into reality.

3. choose your enhancements

For ultimate customization, choose from the following to create your own personalized entertainment package.

online photo package

Multiple photos of your guests and party activities are taken at each event. These photos are made available for FREE download on an exclusive page on our Web site. Password protection is available upon request.

laser light show

High-end nightclubs around the world use laser light shows for ultimate crowd amazement. Bring this effect to your next event. This professional, licensed laser light show cuts through the sky creating different aerial laser effects.

blacklight party

Fluorescent paint and white shirts will glow like wildfire with our high-end blacklight party enhancement. In addition to the high-output black lights, we also provide glow-in-the-dark party favors, making the event a glowing blast!

confetti blast

A shot of confetti 50 feet in the air adds a climax to any event. Plan this blast during a grand entrance, special song or other high-energy climax. Special colors or streamers are available upon request.

TO:

PhotoZone uses "green screen" technology to put guests on the big stage, in the heart of the city or anywhere else desired. Within seconds, guest images are superimposed on a special, customized background. Photos are printed on-site, framed and given out as a take-home favor. This service may also be used in a more "traditional" photobooth setup. Please inquire for details.

dancers/party motivators

Our dancers and party motivators are an added stimulant to your event. From crowd interaction, performance and teaching dances, they keep the energy high and the crowd involved from start to finish.

video game systems

Interactive video games are a huge hit everywhere we take them. Hosted by our crew members, shown on plasma screens, they are a perfect option for cocktail hour entertainment or at any other time. Several different games to choose from include:

Nintendo Wii

Other systems also available by request

*All logos property of their respective companies.

atmospheric uplighting

Uplighting adds a special elegant glow to any event. From lighting the entrance archway, to flooding the walls with multi-colored light, our uplighting will add a special touch to any event. These are just a few examples of how this enhancement can be used along with your theme in creating the perfect atmosphere. Our uplighting also offers the option of "party mode" in which they will flash colors to the beat of the music.

reflection video

Everyone has a story to tell. Tell your story through video. Reflection videos are customized, personal video productions. Incorporating still photos and video, these short slide shows can tell years of memories in a matter of minutes. There are several different ways to tell a story using video, and this fits as appropriate at many different events. Please ask one of our sales staff how you can take advantage of this enhancement for your next event.

Please see reflection video sheet for options and video ideas
